

Product Name :
1-5L Engine Oil Filling Capping Machine

Product Code :
FOOD-OLM0006

Description :

1-5L Engine Oil Filling Capping Machine

Technical Specification :

The filling machine is widely used for liquid filling in pharmaceutical, daily chemical, chemical, and other industries. It is filled with stainless steel dose pump and is suitable for different materials and different specifications. It has wide versatility.

Production capacity: 20-50BPM

Air pressure: 0.6?0.8 MPa

Air consumption: 200L/Min

Power: Single phase 220V, 50hz, 1.2KW

Volume: 1, 3, 5 Liters

Filling nozzles: 8

Machine Weight: 500kg

Machine Size L x W x H (mm): 2400(L)x800(W)x1600(H)mm
