

Product Name :
Cup Butter Filling Machine

Product Code :
FOOD-FMC005

Description :

Cup Butter Filling Machine

Technical Specification :

It is applicable to packing liquid like water, juice, oil, etc. This machine is designed for cup filling sealing and capping with the following functions:
Process: Automatic feed the cup — filling — film sealing — automatic feed the cap — cap sealing — final product output by conveyor.

Voltage: Single phase, 220V, 50Hz.

Output: Max. 900BPH

Filling accuracy: $\pm 1.5\%$

Temp control (film seal part): 0-400?

seal material: PE PP PET/PE

Dimension: 900*750*1750mm

Weight: 210kg
