

Product Name :
High Capacity Syrup Filling Machine Line

Product Code :
FOOD-PRM0007

Description :

High Capacity Syrup Filling Machine Line

Technical Specification :

This pharmaceutical filling machine is used for syrup bottle filling and capping, made in SUS304 stainless steel or SUS316 anti-corrosion stainless steel for the part in contact with material, which is complied with GMP standard.

With Piston filling theory, filling speed is quick and precision is high; the filling level is adjustable.

Capping machine adopts France technology, the capping is by magnet torque; the cap catching adopts twice catching to ensure the veracity. The capping force is adjustable, constant torque capping will not damage caps and the cap is good sealed and reliable.

The whole machine is operated by touch screen, controlled by PLC and frequency convertor etc., with functions of no bottle no cap feeding, waiting when lack of bottles, stopping if bottle is blocked or no cap in cap guiding pipe.
