

Product Name :
Rotary Hot Glue Labeling Machine**Product Code :**
FOOD-LAB0011**Description :**

Rotary Hot Glue Labeling Machine

Technical Specification :

This machine is suitable for bottle wrapped around fast labeling, the label can be BOPP/OPP/OPS. which is suitable for big capacity production, widely used in water/juice production.

Power supply: Three-phase 380V 50 Hz 4000W

Conveyor speed: 30m/min (can be adjusted according to actual production)

Method of speed adjustment: uninterrupted - adjust rate

Largest Speed of labels feed: 50 meters / min

Capacity: 8000BPH for 500ml bottles

Labeling accuracy: ± 1 mm

Integrated Labeling accuracy: ± 1 mm

Maximum label width: 135mm

Maximum label length: 500mm

Maximum label diameter: 600mm

Paper core diameter: 152 mm

Type of label: OPP film label, paper-plastic composite film label, paper label

Labeling workstation: 8 per cycle

Machine weight: 3000 Kg

Equipment size: (LxWxH)1865x2031x2000mm
