

Product Name :
Medicine Cold Cup Drinks Vending Machine

Product Code :
FOOD-MED0001

Description :

Medicine Cold Cup Drinks Vending Machine

Technical Specification :

Outside Dimensions: H: 1900mm, W: 1150mm, D: 860 mm
Weight: 285kg
Kinds of Selling: 40~60
Storage Capacity: About 400~600pcs (according to size of goods)
Cooling Function: Compressor refrigeration,4-12°C(adjustable)
Rated Voltage: 110V/220V,60Hz/50Hz
Power: 560W
Container quantity: 12pcs/20ft, 26 pcs/40ft
Material
Cold-rolled plates, Spray,
Dedicated freighter channel ,vending dedicated spiral
Industrial-grade chip control board
Double heated glass for reduced condensation
Main feature
Black and white available
Stainless steel keyboard
Plug-touch connections
Modular integrated design
One-click replenishment
Flexibility to transform the selections
Big inventory space for convenient items supplement

Sales of goods: Bottles with beverage, candy, puffed food, chocolate and so on
Optional

Refrigeration and heating system

Remote control by GPRS, management software
