

Product Name :
Bubbling Washing Machine

Product Code :
FOOD-FPM0003

Description :

Bubbling Washing Machine

Technical Specification :

Product performance characteristics

This machine is suitable for the cleaning of fruits and vegetables such as tomatoes, strawberries, apples and mangoes;

The unique bubbling surf design, combined with the 30Kap high-pressure fan, allows the material to roll continuously while cleaning, ensuring thorough cleaning of the material and minimizing the material damage rate;

Rotating adjustable overflow port, multiple cleaning hand holes are installed on the side and rear to facilitate the cleaning of the box;

Adopt foreign imported anti-corrosion bearings, double-sided sealing;

Low operating cost, variable frequency speed regulation;

Stainless steel bracket, food grade hard plastic or stainless steel scraper, in line with food hygiene standards;

It can be used with the equipment group such as hoist and conveying pipeline to process the vegetable processing line.

Capacity(T/H)	Power(KW)	Dimension(mm)
1-3	4.4	4000x750x1800
3-5	5.2	5000x1000x1800
8-10	6	6000x1200x1800
13-15	8.5	7000x1400x1800
