

Product Name :
Auger Filling Machine

Product Code :
FOOD-FLM0002

Description :

Auger Filling Machine

Technical Specification :

Power input: 3 phase 415 V Ac, 50 Hz

Motor: 1440 rpm signal phase

Heaters: 350 W x 3 pcs

Temperature controller: Digital temperature controller

Fully automatic photocell control

Untapped Bulk density (~0.60g/ml)

Pack size varying from 02 gm to 1kg

Packaging material – Polyethylene bags followed by Aluminium laminate bag

Capacity 2-3mt powder material / day
