

Product Name :
Spout Pouch Packaging Machine

Product Code :
FOOD-SUK-PPM-107005

Description :

Spout Pouch Packaging Machine

Technical Specification :

PLC controller,HMI System;
Using variable frequency variable speed system, production speed can be adjusted;
Using precision slicer, high precision in rotary positioning;
Automatic bag feeding device, save labor cost;
Using quantity filling system, with high accuracy;
Using plug-in filling device, filling after vacuum, no spitting, foaming phenomenon;
Automatic cap arranging and feeding device;
Capping device can be adjusted to make sure perfect capping;
Automatically output;
Machine frame is stainless steel, coated with 304 S/S plate;
Organic glass door.
Capacity(bag/hour): 2000-3000 2500-4000 3500-6000
Power(kw): 2 2.5 3
Air compressor(m³/min): 0.3 0.4 0.6
