

Product Name :
Flow Type Candy Packing Machine

Product Code :
FOOD-SUK-FLOW-114002

Description :

Flow Type Candy Packing Machine

Technical Specification :

Safety. Automatic shows error, safety shield; safety switch.
Intelligentize. This system can store product's parameters more than 100 pcs. The touch screen shows every thing in, operation indication, error signal and quantity. Easy operation.
Long service time. Easy to change the spare parts, whole structure designed for long time using.
Low noise. Use synchronization belt.
All control is realized through software, easy for function adjusting and technical upgrade.
Interface features easy and quick setting and operation.
Capacity: 1200 pcs/min
Packing Spec: Length 12-40mm Width 12-30mm Height 5-18mm
Length of Finished bag: 50-80mm
Candy Shape: Square, Ellipse, Oblate, Globular, Plum Blossom-Shaped
Gross Power: 4 Kw
