

Product Name :
Spring Water Pet Bottle Glass Bottle Filling Machine

Product Code :
FOOD-MWTR0003

Description :

Spring Water Pet Bottle Glass Bottle Filling Machine China Manufacturer

Technical Specification :

Spring Water Pet Bottle Glass Bottle Filling Machine

Capacity: 500-2000 bottles per hour

Size: 1800*1900*2400mm

materia:stainless steel material--food grade, high standard of processing.

design:mechanical valve design--save the consumption of pure water.

The machine adopts perfect overload protective device can ensure the operator and machine safe.

The main electric components,frequency,photoelectric switch,proximity switch,electric control valves all adopt imported components,which can ensure the quality performance.

The control system has many functions,such as control producing speed,cap shortage detection,bottle block automatic stop and production counting etc.
