

Product Name :
Gas Pizza Oven

Product Code :
FOOD-PZA0001

Description :

Gas Pizza Oven China Manufacturer

Technical Specification :

Heating elements: Far-infrared radiation coated metal tube, heating fast and evenly, food is not easy to be burned in baking.

Material: High quality stainless steel, durable use, sanitary, anti-corrosion, beauty.

Top-grade stainless steel is hard to transferring heat or deformation under high temperature.

Structure: Enclosed structure, so most hot air is circulated in the chamber which ensures high heating efficiency.

Power source: Electric, gas, are available.

Temperature: Temperature is 50°C--300°C adjust. Up and down fire can control, offering the best baking equipment.

Easy operation: Microcomputer control, more easy to operate.

Time alarm: Time alarm, you can enjoy your free time when baking.
