

Product Name :
Cold Display Showcase

Product Code :
FOOD-DIS0004

Description :

Cold Display Showcase China Manufacturer

Technical Specification :

Voltage: 220V/50Hz

Temperature Type: Single-temperature

Function: Cold Storage & Freezing

Temperature Range: 2-8 Degree

Power: 1096W

Compressor: Embraco

Marble or stainless steel finish, many kinds of colors for selection.

Fan blowing system, temperature difference among the shelves not more than 1 degree.

High-quality hermetic compressor, low noise.

Sliding out condensing unit.

Automatic defrost system.

Standard temperature: 2-8 degrees for cooler. Temperature can be optional.

Embraco compressor.

Refrigerant: R134a CFC free.
