

Product Name :
Semi-Automatic Professional Coffee Machines

Product Code :
FOOD-COF0001

Description :

Semi-Automatic Professional Coffee Machines

Technical Specification :

Steel front and top panel/Toasted powder coating.
in-built rotary pump with balanced by-pass.
Dual boiler system/Steam generator and coffee brewing separate.
Automatic control system. Continuous delivery push-button.
Electric heating with safety thermostat.
Steady 9 bar coffee brewing, $90\pm 5^{\circ}\text{C}$ temperature.
2 steam outlet, 2 coffee brewing holder, 1 water outlet.
Group with pre-infusion chamber for the best extraction of coffee.
Over heat protection system, over pressure protection system, making perfect milk foam.
Description: Coffee Machine
Power Supply: 220-380 V/50HZ
Power: 3KW
Boiler Capacity: 11L
Machine Size(L*W*H): 670*545*520 mm
Material: Stainless Steel
