

Product Name :
Electric Rice Steaming Cart

Product Code :
FOOD-STM0001

Description :

Electric Rice Steaming Cart China Manufacturer

Technical Specification :

Economic efficient: heating with the principle of electromagnetic ,heat faster, thermal efficiency is up to 90%.
Whole body made with high grade stainless steel, firm and durable.
No flame, no dust, exhaust no pollution air, ultra low noise design, optimized kitchen environment.
Security protection such as waterproof, prevent smoke, prevent leakage, prevent dry heating protection ,more safe , energy saving.
Meeting your requirements, it can be customized different size according to the customer's demand.
Material: Stainless Steel
Dimension: 1390*540*1465(mm)
Process: Cutting+welding+ brushed
Application: Applicable to restaurants, hotels, fast food restaurants,at home etc.
