

Product Name :
Fish Fillets Automatic Battering Coating Machine**Product Code :**
FOOD-BMT0004**Description :**

Fish Fillets Automatic Battering Coating Machine

Technical Specification :

Automatic battering machine can offer a even coating of the chicken (poultry), beef, meat, seafood etc with a two-layer batter curtain on the top and a layer batter on the product bottom , the blower of stein batter applicator designs to remove the excess batter in avoid of more batter entering the next processing procedure. The excess batter can be recycled use..Fish Fillets Coating Machine can match with different coating machine (tempura battering machine, flouring machine,breading machine etc) to produce burger, nugget and other products and so on.

Belt width: 600mm

Belt speed: 3-15m/min

Power: 2.25KW

The electricity: 380V/50Hz/3P,415v/220v,3p

Input height: 1000-1100mm

Output height: 800-1100mm

Weight: 280KG

Overall dimension: 2050X900X1310mm
