

Product Name :
Meat Bowl Chopper

Product Code :
FOOD-MET0022

Description :

Meat Bowl Chopper

Technical Specification :

- These bowl cutters are equipped in series of 2 motors* with 2 speeds
- A bowl in melted down stainless steel (thickness 1 to 2 cm), and of 6 knives
- Monobloc frame is manufactured in stainless steel plates of strong thickness
- The frame rigidity and the bowl quality allow to adjust the knives to the nearest of the bowl
- The clearance between the bowl and the lid is minimum what allows to make of the fine force meat in a very short time with a minimum heating of product
- The lid and the frame don't have any angles which are difficult to clean
- The controls are in low voltage (24 volts). Complies with CE standard

N° of Knives		6
Capacity of Bowl	L	40
Bowl Motor TPH	kW (HP)	5.5 (2,5)
Knives Motor TPH	kW (HP)	5.5 (2,5)
Net weight	kg	380
Bowl Speed	Tr/M	8/16
Knives Speed	Tr/M	1500/3000
Voltage	V/Hz	400/50
