

Product Name :
Table Band Saw

Product Code :
FOOD-MET0024

Description :

Table Band Saw

Technical Specification :

- Band saw for the meat and fish industries. Special robustness for large meat processing facilities and easy operating procedure.
- The design eases a good integration on the different lines of cutting process.
- Robust 18/10 stainless steel construction.
- Stainless steel pulleys with double flap.
- Automatic process of tension control.
- Safety device to stop running blade in 4 seconds.
- On-off switch with emergency stop button, IP65.
- Safety device when opening door.
- No volt release system.
- Manufacturing of blade on the right and left hand side.
- Easy cleaning with water pressure.
- A one piece body construction to ease the better cleaning on a uniform platform.

Pulley Diameter	Ø	300
Blade Length	MM	2340
Motor three phase	HP	3
Cutting Height	MM	320
Net weight	kg	125
